10. Dr. Seuss, "Oh the Places You'll Go!"

"You have brains in your head. You have feet in your shoes. You can steer yourself any direction you choose. You're on your own, and you know what you know. And you are the one who'll decide where you'll go. Oh the places you'll go."

From Oh, the Places You'll Go! Dr. Seuss

11. Supreme Value

The supreme value is not the future but the present. The future is a deceitful time that always says to us, "Not yet," and thus denies us. The future is not the time of love: what man truly wants he wants now. Whoever builds a house for future happiness builds a prison for the present.
